

# LEARNING ACTIVITIES INTRODUCTION FOR FACILITATORS

Taking part in Unicef's Child Friendly Cities programme.

- **Activity 1:** What is climate change?
- **Activity 2:** How does climate change affect children's rights?
- **Activity 3:** **The State of Our Planet News Report** – What do people think about climate change?
- **Spotlight Activity 4:** **Healthy earth, healthy lives** – How does climate change affect children's health?
- **Spotlight Activity 5:** **Innovation Lab** – What are children and young people around the world doing?
- **Spotlight Activity 6:** **Migration mapping** – Showing how the impacts of climate change and climate-linked migration impact on children's right to learn.
- **Spotlight Activity 7:** **Climate change theatre** – How climate change can affect a child's right to learn

Each of these activities will be sent to you by email in PowerPoint format with PDF notes for facilitators.

If the young people you're working with want to learn even more about climate change, why not explore some of these initiatives?
