

# CONSENT FORM

Any time we use a photo, story or film footage we need consent. The aim of collecting photos, stories or film is to raise awareness and money to promote Unicef's work and to show the issues facing children and promote their voices. We store photos, stories and film securely and only use them for the intended purposes.

Consent must be recorded on the forms via the link below, signed by the person giving consent as well as their parent or carer, if they are under 18. Without the recorded consent we do not have permission to use photos and stories in the ways we intend.

Please record any special instructions if necessary, such as 'don't use real name' on the form. Ask what alternative name the child or young person would like to have and add that to the form, making it clear which is the real name and which is the alternative.

Consent forms are also required to reproduce (i.e. copy, photograph) and use drawings or other pieces of work children create. They are copyright of the artist, regardless of their age or status.

Consent must be in writing, using our consent form, and must be returned to us before we can use the photo, story, film footage or piece of work.

Consent can be withdrawn at any time in the future, if the child or family aren't happy about their image, story or footage being shown any more, for any reason. Please let us know if this is the case by emailing [outright@unicef.org.uk](mailto:outright@unicef.org.uk)

Download an information sheet and consent form you can share with children and their parents/carers here:
