

# #BakeFor SYRIA

**Here are some hints and tips to help make sure your sale is a brilliant success.**

## **Before your bake sale**

- Plan and share out the work. Try to make sure it's not just one or two people doing all the baking or decorations. It's fun to get others involved!
- Make sure you display posters around the school so everyone knows about your event.
- Send an email reminder to staff, and shout about the bake sale on your school website and social media accounts.
- Ask parents, guardians and friends of the school to support the bake sale too, by making their best bakes to sell and volunteering to supervise the stand.

## **On the day**

- Ensure your stand is clearly signposted.
- Napkins and hand wash are welcome additions to any bake sale stand, keeping mess to a minimum!
- Ensure you clearly mark up any allergen information, and have someone available on the stand who knows this information.
- Make sure your money box is stored somewhere safe. After the event, count up your takings and send in your fundraising to Unicef.
- Post photos of your stand using the hashtag #BakeForSYRIA.
